

WEBTOOL wire cutter

- WCOS38(D)

Cutting large diameter wire rope and cable in the most hostile environments, under the toughest of conditions and the most demanding of circumstances requires something special.

Main features:

- Proven design.
- Designed to cut wire rope up to 38mm diameter.
- Open sided to allow easy positioning of the cutter along a rope length particularly useful when cutting in confined spaces.
- Hydraulic return

Wire diameter:	38mm
Dimensions (A - B - C - D - E)	325 - 100 - 130 - 42 - 82mm
Weight:	20,5kg
Operating Pressure	700 bar
Swept Volume	145cm ³
