

WEBTOOL wire cutter

- RCV115 w/lifting frame

Cutting large diameter wire rope and cable in the most hostile environments, under the toughest of conditions and the most demanding of circumstances requires something special. This cutter has been equipped with a lifting frame rated to 300kg SWL, intensifier and hot stab system for transfer of hydraulic power.

Main features:

- Proven design.
- Designed to cut wire rope up to 115mm diameter.
- Hydraulically operated anvil for easy ROV deployment.
- Lifting rated to 300kg SWL
- Intensifier
- Hot stab system

Wire diameter:	115mm
Weight:	125kg
Input pressure main cylinder	Max 690 bar
Input pressure anvil	Max 210 bar
