

GL-4 Guidepost Extension

An extension to a GL-4 Guidepost with a standard Guideline Anchor interface at top.

Key Features

- Easy installation on existing GL4 profile
- Can be installed Subsea on existing guideposts
- Locking of the extension by operating the lock mechanism at top of the extension
- Must be installed with the aid of a work class ROV
- Allows for use of Imenco's proven line of Guidewire Anchors
- No need for special tools for mounting or dismantling
