

Hydraulic Power Unit

Unit 26

Hydraulic Power Unit in Certified frame with PVG valves. Easy to use and robust design, great for deck testing.

Key Features

- Lifting Certified
- PVG valves and manifold
- High tank volume
- Easy to mobilize

Main Frame

Dimensions	2000 mm x 1500 mm x 2100 mm
Weight	1.8T (Empty Tank)

Hydraulic connections/Spec

Max Working Pressure:	220 Bar
Max Flow	130LPM
Tank Volum	520L
Valves	PVG 2ea 3/4 NV 6ea 1/2 NV
Pressure	5ea 3/4 NV 1ea 1/2 NV
Drain	6ea 1/2 NV
Return	5ea 1" 1ea 1/2 NV

Electrical Supply

Cable length	30m
Electrical supply	125A & 400VAC
