

Hydraulic Power Unit

2010110037

nor Offshore
Rental

Hydraulic Power Unit in Certified frame with PVG valves. Easy to use and robust design, great for deck testing.

Key Features

- Lifting Certified
- PVG valves and manifold
- High tank volume
- Easy to mobilize

Main Frame

Dimensions 2000 mm x 1500 mm x 2100 mm

Weight 1.7T (Empty Tank)

Hydraulic connections/Spec

Max Working Pressure: 220 Bar

Max Flow 35LPM

Tank Volume 520L

Valves PVG 6ea ½ NV

Pressure 2ea ¾ NV 1ea ½ NV

Drain 3ea ½ NV

Return 2ea 1" NV 1ea ½ NV

Electrical Supply

Cable length	10.5m
Electrical supply	63A & 400VAC
