

Hydraulic Power Unit

MO107307

nor Offshore
Rental

Hydraulic Power Unit in Certified frame with PVG valves. Easy to use and robust design, great for deck testing.

Key Features

Lifting Certified
PVG valves and manifold
High tank volume
Easy to mobilize

Main Frame

Dimensions	2000 mm x 1500 mm x 2100 mm
Weight	1.8T (Empty Tank)

Hydraulic connections/Spec

Max Working Pressure:	220 Bar
Max Flow	90LPM
Tank Volume	520L
Valves	PVG 4ea ½ NV
Pressure	4ea ¾ NV
Drain	4ea ½ NV
Return	4ea 1"

Electrical Supply

Cable length	33m
Electrical supply	125A & 400VAC
