

Multi Purpose Grapple Tool MPGT

This Multi-Purpose Grapple Tool is a highly versatile, hydraulically operated (e.g. Hot-Stab) lifting tool for seabed clearance and recovery of various objects. It is robustly designed for recovery of heavy objects, e.g. pipes with diameters ranging from Ø100 mm to Ø800 mm with a maximum length of up to 25 meters. The tool can have a large variety of configurations and can be configured to achieve up to 30 T lifting capacity. With a 4-port Hot-Stab system the grabs can operate in dual- or individual-mode.

Key Features

- Pipe lifting
- Easy handling
- Cable retrieval
- Easy to operate

Specifications

Dimensions	8272 mm x 1644 mm x 2178 mm
Weight in air/submerged	~4500/~3800 kg
Depth rating	Any water depth
Hydraulic	Min: 190 bar Max: 250 bar / Flow: 50 lpm
