

Angel Shark - 150mW Line Laser

The Angel Laser is a powerful green line laser used when measurements are needed from video images. The green light ensures good visibility even at long distances due to reduced absorption of green light in water. By using two lasers in a fixed bracket, calibrated at set distance, accurate measurements from video images is possible

Specifications

Lense	60° (30°, 45°, 90° on request)
Wave length	532 mm
Output	150mW
Power	12-32 VDC - 12W
Materials	Duplex Stainless steel
Dimensions	69 mm x 248 mm
Weight	3.5 / 2.8 kg
Depth rating	6000 msw
Sta. Connector	Mini Burton 5506-1508
